My best understanding of what I have heard is: 1:30 Joe talks to NGOs. Hill calls at 2 & 2:30. When they hit send on the memo to the RAs, immediately after OAQPS/OAR sends a copy to the state air directors. I am not sure when that will be but am confident it is a bit later after these calls. Casey is giving ECOS and certain states calls as I speak I think. Avi is to be in touch with friendly state AG's this afternoon. Then around 4-5pm DOJ files and the docs I sent are part of the filing.

From Casey:

we will plan 3:05/3:10 transmission to govs offices following air division directors.

I am also doing 2:30 heads-ups for a few state folks, around same time as Rosemary NGO outreach

Hi, Just finished editing Janet's Q's and sent to the team for one final review in the morning. Do you still need to talk RFS tonight?

Casey, It would not be out of line for the Administrator to make a call to a governor or member of congress with Joe on hand to answer any specifics. We have definitely done things like that in the past on the Congressional side. Just a suggestion.
